ABOUT US

Based at Newcastle, Doyle Racing is in the perfect position to cater for any thoroughbred. The central location of Newcastle, on the doorstep to the Hunter Valley, offers many different alternatives for horses within close proximity. All four Metropolitan tracks, the four other Provincial racecourses and numerous Country venues are within a three-hour radius of our home base. The benefits of training out of Newcastle are varied and immense. Horses trained by Doyle Racing are eligible to compete in the rich Provincial-Midway Championships Series. Being based at Newcastle also enables the stable to target “Provincial Only” races conducted by Racing NSW. Newcastle Racecourse also offers outstanding training facilities to us, with two grass tracks (Course Proper and Beaumont track), a Polytrack and a sand track available. There is also an equine pool if required.

Having steadily built up in recent years, Doyle Racing secured their first Group 1 success in the 2024-25 racing season when Private Harry was successful in “The Galaxy”. With a winning strike rate the envy of many stables, Doyle Racing prides itself on placing horses to advantage. The 2024-25 season saw Doyle Racing saddle up fifty-one winners Australia-wide from 306 starters, with horses such as Private Harry, Hidden Motive, Harlem Queen and Churchill’s Choice competing at the highest level.

Nathan has a great eye for a young horse, a strong work ethic and is surrounded by a team of staff with a dedication to providing the very best or care for their horses.

BENEFITS OF RACING IN NSW

Racing NSW provides the largest prizemoney in Australian horse racing, taking ownership to a whole new level. Three key objectives of the Racing NSW Strategic Plan are defraying costs to owners, improving the business model for trainers, and improving metropolitan and provincial field sizes.

Racing NSW has commenced a broad range of prizemoney increases designed to support these objectives. NSW now has one of the highest total annual prizemoney pools among Australian jurisdictions, with recent figures showing total prizemoney of around \$358 million per year.
